

Call for Papers

The 7th European Conference on Computer Network Defense is organized by [Chalmers University of Technology](#) and will take place in September 2011 in Gothenburg, Sweden.

The theme of the conference is the protection of computer networks. The conference will draw participants from academia and industry in Europe and beyond to discuss hot topics in applied network and systems security.

EC2ND invites submissions presenting novel ideas at an early stage with the intention to act as a discussion forum and feedback channel for promising, innovative security research. While our goal is to solicit ideas that are not completely worked out, and might have challenging and interesting open questions, we expect submissions to be supported by some evidence of feasibility or preliminary quantitative results. This year we are especially interested in papers concerning the protection against attacks in "special environments" (such as the ICT component of the smart grid) or protection against attacks that could cause a large societal impact.

Topics include but are not limited to:

Intrusion Detection	Denial-of-Service
Privacy Protection	Security Policy
Peer-to-Peer and Grid Security	Network Monitoring
Web Security	Vulnerability Management and Tracking
Network Forensics	Wireless and Mobile Security
Cryptography	Network Discovery and Mapping
Incident Response and Management	Malicious Software
Web Services Security	Legal and Ethical Issues

Submitting a Paper

You are hereby invited to submit papers up to 6-8 US letter sized pages (8.5" x 11"). Submitted papers must not exceed page limits and must have margins of at least 3/4" on all sides. The text block must be formatted in a two-column layout, with columns no more than 9" high and 3.375" wide (9" x 6.75" in total). The text must be in Times font, 10-point or larger, with line spacing of 12-point or larger. The best option is to use the [CPS proceedings templates](#).

We particularly encourage position papers on preliminary work that shows promise, rather than mature and well-polished papers. Surprising results and thought-provoking ideas will be strongly favored. All submissions will be reviewed by the [Program Committee](#). **Reviews are double-blind**, so please omit author names and affiliations in the submission. Papers will be published by [Conference Publishing Services](#) (CPS).

Important Dates

- Submissions due: ~~Tuesday, July 5, 2011 (9:00 CEST)~~
- **Extension:** ***abstract and registration due Tuesday, July 5, 2011 (16:00 CEST)***
final PDF due Friday, July 8, 2011 (23:59:59 CEST)
- Acceptance Notification: 4 August, 2011
- Final papers due: 19 August, 2011
- Conference dates: 6—7 September, 2011
